Dear Ed,

It is with great pride that I am able to announce that during our Champagne Party in southern California we booked 705 weddings. Your presentation was one of the factors that lead us to this magnificent goal. Not only did the pep rally lay the groundwork for the Champagne Party, but it also brought all the people attending closer together.

Thank you for all your time and effort in tailoring your presentation to our needs. Everyone I've spoken with was truly grateful for the knowledge and enthusiasm you were able to share with us.

Please keep in touch,

GINGISS INTERNATIONAL, INC.
