RE: Sales Seminar - Mammoth Lakes 11/90

Dear Ed,

I enjoyed your sales seminar and found it most informative. I've been in retail for 25 years and found your presentation very refreshing. My memory on a lot of things that you tend to forget was very much refreshed. Listening to the customer carefully and understanding what retail sales are all about was the most informative part of your seminar. I go back to work with more enthusiasm and new approaches for the holiday season. I would highly recommend this seminar to any new or experienced salesperson.

Thank you,

Sally Russell
Sales Floor Supervisor
Village Sports Center
