Dear Ed:

I thought I'd send you an update on the Eurocard project - it's been an overwhelming success! Thanks to your ideas, our mailing introducing this new product received twice the response of our best previous effort. As you recall, we mailed 600 pieces and received 50 return responses. This was much more successful than I imagined.

I look forward to working with you again in the near future. Thanks for all your assistance.

Sincerely,
RIFOCS CORP.
