Dear Ed:

It was a pleasure meeting you on December 9th. We certainly enjoyed your presentation style and the training materials you used.

In speaking with the Engineering Staff members who attended your seminar, they mentioned that the class was very beneficial to them in regards to current issues they are facing.

Also, please find attached a listing of the incentives obtained during the seminar.

Again, thank you for a job well done and I look forward to working with you again in the future.

Sincerely,

R.J. Landry
