Dear Ed:

Thanks so much for presenting at the 1995 AFIRE Conference in Missoula last month. I am very pleased that you educated and also entertained the conference attendees. Too often an association must settle for either content or excitement, especially in a full-day program, but you delivered both! I'd also like to thank you for taking the time to learn the jargon and issues of the power industry. You followed through with your promise of true customization. The reports from our members following your presentation reinforced all that I mentioned.

Thanks for making The University of Public Power's 1995 AFIRE Conference such a success. I'll be contacting you for a possible repeat performance at our May 1996 Annual Meeting.

Sincerely,

A handwritten signature in cursive script that reads "Craig McCollom".

Craig McCollom
Conference/Education Director
