Dear Ed:

Just a quick follow up to let you know how much we enjoyed having you speak to us this past April at our FormsTech 98 conference.

You really did your homework. The customized presentation you created for us met the specific needs of our members very well. It was both content-driven and very entertaining!

We also very much appreciate your flexibility in meeting with us prior to the conference. You were easy to work with and made our job easy.

Best regards,

Eva T. Cover, CAE
Vice President/Communications & Member Services
