Dear Ed:

On behalf of the members of MCAA, a heartfelt thank you for your contribution to the Executive Forum in Orlando. Our members have uniformly commented that this was the best meeting they have attended and we agree—thank you for your contribution! Thank you for adding real, credible and concrete ideas to their body of knowledge.

If I can be of any service to you either with regard recommendations to other organizations or contacts within our industry, please don't hesitate to ask.

If you have not already sent relevant expenses to us, please feel free to recap by email so that we can get a check back to you during June.

Sincerely,

A handwritten signature in cursive script that reads 'Cynthia'.
