Dear Ed:

Thanks Again! It was a pleasure to meet you at the convention. Your presentation was very well received and attended.

We appreciate all you did in preparation and delivery of great information for both the keynote and general session. The success of our convention was certainly due in part to the incredible speakers and dynamic general & track session topics this year.

Wishing you continued success. I look forward to possible ongoing work with NAILD.

Sincerely,

Linda M. Daniel
